know**WORKS**

SolidWorks Training

EZAR

Highlights

- Industry Specific

- Application Focused Labs

- Scalable

- SolidWorks certified Trainers

- SolidWorks Certification

SolidWorks

know**WORKS**

Know Works training programs are designed to develop productive design teams in highly efficient way. Its emphasis is on delivering application oriented knowledge than just teaching the capabilities of SolidWorks. These programs are 200 percent more effective than ordinary training programs on SolidWorks. It has inherited the multi-domain experience EZAR has in designing best quality products for last 20 years.

EZAR Engineering Pvt. Ltd. is Value Added Reseller for SolidWorks. EZAR is known to the industry for its technical competencies in the field of Design and Automation for last 20 years. We help companies to design better products Faster-Cheaper-Smarter

EZAR Engineering

Module Based Programs

CODE	DESCRIPTION	DURATION (days)
1001	SolidWorks Essential	3
1002	SolidWorks Sheet Metal	1
1003	SolidWorks Advanced Part Modeling	2
1004	SolidWorks Advanced Assembly Modeling	2
1005	SolidWorks Weldments	1
1006	Basic SolidWorks Simulation	1
1007	SolidWorks Simulation - Motion	2
1008	SolidWorks Simulation - Non Linear	1
1009	SolidWorks Surfacing	1
1010	SolidWorks Simulation - Non Linear/ Flow	1
1011	SolidWorks Simulation – Composites	2
1012	SolidWorks Mold Design	2
1013	SolidWorks Routing	2
1014	SolidWorks Simulation - Flow Simulation	2

Industry Specific Programs

CODE	DESCRIPTION	DURATION (days)
2001	Machine Design Industry	10
2002	Equipment Manufacturer Industry	12
2003	Consumer Product Industry	11
2004	Medical Equipment Industry	11
2005	Automobile Industry	12
2006	Mold Industry	11
2007	Tool & Die Industry	11
2008	Process Industry	13
2009	Electronic Industry	9
2010	Education Industry	5
